Summary

- Skilled Flutter Developer with a proven track record of building high-quality mobile apps for Android and iOS.
- Proficient in Dart and Flutter, specializing in responsive UI, performance optimization and API integration
- Strong collaborator with a focus on delivering user-centric applications.

Skills

- **Programming Languages** : Dart, Java (Proficient), C/C++, Python.
- **Web & Mobile Technologies**: Flutter, Firebase, Django REST Framework, RESTful APIs, WebSockets, Android, State Management
- **Software Architecture & Design**: System Design, Clean Architecture, Object-Oriented Programming
- **Development Tools** : Git, Figma, Visual Studio Code, Android Studio, JIRA
- **Core Competencies**: Data Structures and Algorithms, Problem Solving, Collection Framework
- **Development Methodologies**: Agile, Scrum
- **Soft Skills** : Teamwork, Communication, Adaptability, Critical Thinking, Time Management

Experience

- **Abhiman Innovations Pvt Ltd** [🌐] Nov 2024 – Present
Flutter Developer Noida
 - Building iOS version of **Poll Pe** (1M+ downloads on Android).
 - Integrated **50+ REST APIs** with robust error handling and performance optimizations.
 - Implemented **WebSockets** for real-time polling and instant updates.
 - Enabled **Deep Linking** to streamline user navigation and onboarding, & **Go Router** for navigation.
 - Collaborated with backend team to improve API scalability and efficiency.
- **Apps AiT** [🌐] July 2024 - Nov 2024
Flutter Intern Remote
 - Developed games like Water Sort, Word Search, Sudoku, and more in the **Brain Training Games** project.
 - Interviewed 6 candidates for the flutter intern position.
 - Implemented Bloc state management for efficient performance and gameplay.
 - Collaborated with designers to convert Figma designs into interactive games.
- **Sonbhadra Police** May 2024 - June 2024
Mobile Application Developer Sonbhadra
 - Developed an app to assist police officers at the time of Lok Sabha Election - 2024.
 - Helped officers to find accommodations and duty locations.

Projects

- **Chatting Application: Developed a full-featured messaging app.** April 2024 - May 2024
Tools: Flutter, Dart, Firebase Firestore, Firebase Storage, Firebase Authentication, Riverpod. [🌐]
 - Built a scalable chat app with real-time messaging, media sharing, and 10+ active test users using Firebase and Riverpod.
 - Integrated Firebase for authentication, storage, and cloud database.
 - Added user features like active status, message replies, edits, and deletion for an enhanced UX.

•Expense Tracker App: Built an expense management system.

July 2024 - August 2024

Tools: Flutter, Dart, Firebase Firestore, Bloc, Clean Architecture.

- Fetched and displayed expenses from Firebase, sorted by date in a timely order.
- Implemented a budget tracking feature with percentage calculation of the remaining budget for the month.
- Visualized top category-wise expenses using a bar graph and displayed category-wise expenses in a list.
- Enabled users to add new expenses and create custom categories, saving all data to Firebase.

Education

B.Tech., Computer Science and Engineering

CGPA: 7.8

Rajkiya Engineering College, Sonbhadra

Year: June 2025

Senior Secondary (Class 12)

Percentage: 82.4%

St. Johns School, ICSE Board

Year: March 2020

Secondary (Class 10)

Percentage: 80.5%

St. Johns School, ICSE Board

Year: March 2018

Involvement

•Freelancer

May 2024 - June 2024

Front-end App Developer

Remote

- Collaborated with a freelancer to develop the "Bhagwn Tradr App", a trading application.
- Implemented a fully responsive UI, ensuring optimal performance across various devices.
- Leveraged Flutter to build an intuitive and user-friendly interface.
- Worked closely with the freelancer to meet project requirements and deadlines, enhancing teamwork and communication skills.

Certificates

•Flutter & Dart - The Complete Guide [2024 Edition], [Udemy](#)

March 2024

•App Developer, [Sonbhadra Police](#)

June 2024

Achievements

• [Qualified GATE 2024](#)

Score - 456, Rank - 7815
